

# Annual Field Diagnostic Course for Golf Course Managers

■ Mark your calendar today! On August 4, 5 and 6 Cornell Turfgrass Pest Management Specialists will use golf courses on and off campus to review identification techniques and control strategies for turfgrass insects, diseases and weeds. Sampling procedures, laboratory diagnosis and utilization of key diagnostic resources are essential components of the course. Enrollment is limited to 25 turfgrass managers to allow for an ideal learning situation. This is an advanced course and will be of particular benefit to past Cornell Turfgrass Short Course graduates, graduates of other turfgrass management programs or individuals with 5 years of experience.

■ The tuition of \$210 includes: instruction, study materials (textbooks and guides), breaks, lunches, BBQ and a certificate after completion of the course. Registration will only be taken by mail and not by phone. Use the registration form below. General information and details on local accommodations will be sent with the registration confirmation. If you have any questions, call Joann Gruttadaurio at 607-255-1792.

■ Please complete and mail the form to Geysa Smiljanic, Cornell University, 20 Plant Science Building, Ithaca, New York 14853. Make your check for \$210 payable to Cornell University. Class enrollment is limited to 25 students. A cancellation fee of \$20 will be charged to registrants who cancel after July 20. Please submit one form for each individual and print clearly.
