## Tunney to Keynote NYSTA Conference

The educational program for the 1994 New York Turf and Landscape Expo is set. This year's conference will be held November 8-11 at the Riverside Convention Center in Rochester.

The preconference seminar series includes the ever popular Back to Basics; Advanced Landscape Design; Weed and Disease ID and Control; and one GCSAA seminar.

Highlights of the conference program include the keynote address on the morning of November 9 by Jim Tunney. Mr. Tunney is a nationally recognized motivational speaker and former NFL referee. Following Mr. Tunney's address, the trade show will open. Here you will have the chance to see what's new in turf equipment and supplies, and to catch up with old friends.

Featured speakers on the program include Dr. Trey Rogers, Dr. Noel Jackson, Dr. Pat Vittum, Dr. Jim Murphy, Ed Wandtke, and others. Special sessions include a Management Session for Golf Course Owners, and IPM and ASTM Standards sessions for school grounds personnel.

Be sure, then to mark these dates in your calendar. If you would like more information on the program or on exhibiting, call NYSTA at (800) 873-TURF.

*CUTT*, "CORNELL UNIVERSITY TURFGRASS TIMES" is published four times per year by Cornell Cooperative Extension and the Turfgrass Science Program at Cornell University, Ithaca, New York 14853.
